

Homework for the week of: March 23-27

Mrs. Harris, Room 3 harrisj@riverview.wednet.edu

School: (425)844-4901

Cell: (206)713-2429

Incomplete or missing homework will cost the student a tile. Homework is designed to take no more than 40-50 minutes total, including reading time (although I encourage more time reading if desired!). If the **assigned homework sheet** takes more than 20 minutes, please stop your child, sign that they worked for that length of time, and I will accept it as completed. I do not want students working an inordinate amount of time on papers I send home. If you decide to have your child do something different from my assignment (for example, you have them spell their spelling words aloud to you instead of writing them 3 times), please **write and sign a note telling me what you had them do**, and I will accept that

For our March book report we are making a power point presentation. We are working on this during our technology (computer) time this week and next week. Presentations are going to be the last week of March. **Bring your book report book to school on Tuesday to use with the Power Point presentation you are making!**

After Spring Break, Mrs. Dempsey will be coming to our computer classes to assist students in creating Photo Stories. If your child has taken pictures, or you have pictures of them, you can email them to me and I will put them into their folders so they can access them when we begin this project. We will also allot time here at school when your child can bring their digital camera in and take photos, if you agree to that. We do have one school camera we can use, but it is hard to share with 32 kids! More info will be coming on this closer to the time we begin this unit.

Read. read. read! The last day to turn in your High Tea sheet is Monday, April 20!

Upcoming Events

Character Trait for March: Dependability

Mar. 23 Tolt will visit students at ERMA.

Mar. 25 Art with Mr. Edwards

Mar. 26 Book Talk: Ben
