

Name: _____

Date: _____

Why Study Math?

Activity 1:

Triangles have been an integral part of our history extending from the time of Ancient Egyptian pyramids. These pyramids contained paintings, inscriptions, and carvings depicting battlefield glories to everyday activities. Through these, the Egyptians told the stories of their lives. Today, we are able to understand various aspects of Egyptian life and culture thanks to these stories.

Directions: Decorate your own pyramid including the following topics:

Major Events

Successes/Failures

Future Goals

Interests/Hobbies

What and/or who is important to you

What you would like to be remembered for
